

STARWAVE FX

FOREX & CFD TRADING PLATFORM

Institutional-grade execution. Transparent conditions. Global reach.

StarwaveFX

Who We Are

StarWave FX is committed to delivering an outstanding trading experience for traders of every level. As a regulated Forex and CFD broker registered under the Saint Lucia FSA, we provide access to a broad range of global markets — currencies, commodities, indices, shares and cryptocurrencies.

Our purpose is to make trading simple, secure and effective, equipping every client with the tools, pricing and knowledge required to pursue their financial goals with confidence.

Regulated & Registered

Saint Lucia FSA

Segregated client funds, transparent terms and a No Dealing Desk execution model underpin everything we do.

Mission, Vision & Mandate

Our Mission

To build a platform where beginners and professionals alike can confidently pursue their financial goals — through transparent conditions, competitive spreads, fast execution and exceptional support.

Our Vision

To be a leading global trading platform, fostering an innovative and trustworthy environment that empowers every trader to succeed while we continuously elevate their experience.

Our Core Values

Integrity

Transparent terms, fair pricing, no hidden costs.

Innovation

Cutting-edge platforms and AI-driven tooling.

Client First

Every decision serves the trader's success.

Security

Segregated funds and robust protection.

Why Trade With Us

Daily Market Analysis

Actionable insights every session to help you trade smarter.

Ultra-Fast Execution

Orders filled instantly with ultra-low-latency precision.

No Negative Balances

Stay protected with guaranteed zero negative-balance risk.

24/5 Support

Continuous support that keeps your trading seamless.

Spreads From 0.0

Tighter raw spreads for smarter trading decisions.

Zero Deposit Fees

Zero-cost funding keeps your trading affordable.

Trading Products

40+ pairs — majors, crosses & exotics

Capitalise on price moves across major, minor and exotic currency pairs.

15+ US, European & Asian indices

Exploring Copy Trading

Copy trading is a modern investment method that lets you replicate the strategies of experienced traders in real time. By mirroring their trades, you gain expert insight, diversify across assets and save time on market analysis — a simple, controlled way for beginners and busy investors to access global markets and pursue stronger returns.

Access Proven Strategies

Follow elite traders with a verified track record.

Full Transparency

Real-time performance metrics and risk controls.

Core Benefits

- Expert Access
- Flexibility
- Automation
- Time-Saving
- Transparency
- Seamless Execution

The Mechanics of Copy Trading

01

Mirror Experts

Follow seasoned traders and access strategies you wouldn't find alone.

02

Hands-Free Investing

Trades execute in real time, keeping you connected to opportunity.

03

Set Your Risk

Control exposure to your comfort level and match your goals.

04

Choose Amount

Start small and scale as confidence and experience grow.

05

Track Performance

Monitor copied trades live and refine your strategy.

06

Stay Flexible

Adjust or stop copying anytime — you keep full control.

Why Trade With StarWave FX

Advanced Tools

Cutting-edge platforms with real-time analytics, charting and automated trading to power informed decisions.

Order Execution

No Dealing Desk intervention — ensuring fair pricing, fast fills and deeper liquidity.

Personalised Support

Dedicated assistance helps traders navigate the platform and resolve concerns quickly.

Expert Support 24/5

An experienced team on hand whenever it matters — for trading, platform or account queries.

StarWave AI Trading Bot

What It Is

An algorithmic engine that scans markets around the clock, identifies opportunities and executes trades automatically — removing emotion and reaction time from the equation.

Built on machine-learning models and disciplined risk rules, it runs with precision while you stay in full control.

Strategy-driven

Runs your rules, not guesswork

You stay in control

Start, pause or stop anytime

Key Capabilities

ML Signal Engine

Pattern detection across multiple markets.

Smart Risk Control

Auto stop-loss, sizing and exposure caps.

24/7 Operation

Never misses a session or opportunity.

Fully Configurable

Tune strategy, risk and assets to fit you.

How It Works

01

Analyse

Scans data & signals

02

Decide

Validates entry rules

03

Execute

Places trades instantly

04

Manage

Monitors & adjusts risk
