Introduction to the Partner Programs

StarWaveFX offers multiple partnership options tailored to Introducing Brokers (IBs), Affiliates, MAMs and Regional Partners. Our conversion rates are high thanks to a strong brand and trading conditions that are second to none — partners can be confident their referred clients become happy, active traders. Every partner gets access to state-of-the-art IB and affiliate portals with complete transparency over referrals and clients.

Introducing Broker (IB) Program

The IB program is our most popular partnership, offering volume-based rebates for the lifetime of referred client accounts. Commissions are attractive, flexible and paid in real-time — calculated on the trading volume of your referred clients.

All IBs are automatically entered into our loyalty program, designed to reward partners for the business they bring. Everyone starts at Silver level and can quickly upgrade.
